# INTRODUCTION

The Clean Middle East Conference – Qatar Edition is the country's largest gathering of cleaning, hygiene, and Soft FM professionals. This premier event brings together industry leaders, decision-makers, and experts to discuss the latest trends, challenges, and innovations shaping the commercial cleaning sector in Qatar and the wider Middle East.

With successful editions in Dubai and Oman, the conference has established itself as a leading knowledge-sharing and networking platform. The Qatar edition builds on this success, addressing the unique challenges and opportunities in the region's growing infrastructure, hospitality, and healthcare sectors.

Following the success of the Laundry and Housekeepers Summit in Qatar, this expanded conference meets the pressing needs of all stakeholders in the commercial cleaning industry. With a focus on professional development, market insights, and emerging technologies, it aims to elevate industry standards and foster collaboration among professionals in facility management, hospitality, healthcare, and commercial cleaning services.
